ORGANIZED HELP.

It seems to be the prevalent opinion in this county that there ought to be some organized aid for the benefit of the families of some of the militia men who are unable to help themselves. In several instances the support of the family has been called away, leaving the family in dire circumstances. In cases of this kind it is not only necessary but is the duty of those who can to help provide for the unfortunate family.

When duty calls, and America's son answers that call, leaving his family without necessities of life, every citizen should not falter in helping to provide for his family. The chance the soldier is taking for your benefit should be of some weight to you.

Therefore it may be understood that if there are such families in this county who are in need of help, let it be known or report such fact to the Herald and we will do all in our power to call attention for help for the unfortunate family. We are sure the newspapers of Pemiscot county will not be found wanting when appeals of this kind are heard.

Emmet Webb of Ridgely, Tenn. was here the first of the week visiting his brother George Webb. Mr. Webb had not been here in several years and was surprised at the growth of the town. He says the crops on the Tennessee side of the river are not near so good as on this side.

Will Bore for Oil.

M. G. Temple of Cape Girardeau, accompanied by a party of capitalists of St. Louis was in this city last Saturday and again Wednesday.

They have at present, we understand, taken leases on not less than 3,000 acres of the best farm land near Hayti, and are going to bore for oil.

Several of our business men have taken stock in the company, which will be mentioned later, as developments may appear, and much active comment is made. The company has entered into a contract with one of our largest farmers for the sinking of a well at least 3,200 feet or less if oil is struck, and in case no oil is struck, the casing is to be left.

The company is under contract to have machinery on the ground and begin drilling within six months.

At several times past, while driving pumps in this city, pockets of gas have been struck, which is a pretty good indication that oil can certainly be found in this vicinity in paying quantities. However, it is hoped that all talk is not in vain, but may be one of realization.

The company interested is one that is amply able to carry out any work started, and we will give details as they develop.

MISSOURI MILITIA.

By Herald Correspondent.

Camp Clark, Nevada, Mo., June 23.—Company "B" arrived in camp at nine o'clock this morning. We are all feeling fine, but hungry as wolves. The tents are not yet up and everyone is laying in the sun. The following are those from Pemiscot county:

Capt. Everett Reeves; 1st Lieutenant, W. B. Hitchcock; 2nd Lieutenant, Edwin Huffman; 1st Serg., Shirley B. Logsdon; John L. Shepard, Jess L. Newberry, Fred W. Johnson, Mark Branch, James Wilson, Al Robinson, John W. Terrell, Dan R. Knight, Wiley O. Hawkins, Mark E. Logsdon, Robt. L. Tidwell, Ernest J. Mills, William J. White, Reuben G. Smith, Bill Helm, Ward Young, Noble B. Rutherford, Chas. E. Herndon, John J. Douglass, Wade M. Creelius, Henry L. Gains, Brady Culpepper, George A. Hudson, Clarence Cecil, Odie J. Gamble, Leo A. Chaney, Cuibert E. Davis, Clarence C. Way, Homer Brown, Luther W. Mayfield, Chas. Provo, Wilburn T. Sutton, Elbert Mayo, Joseph D. Langly, Willie L. Lewis, Willie Price, Harry H. Helm, Robert Tyus, Leroy C. Holt, Raymond Gill, Floyd C. Mayfield, Ernest Eastridge, Willie Stinson, Melvin Ashley, James E. Bostwick, Willie Edwards, John McCollum, Robert McGhee, Lawrence Byrd, Cleve Atwell, Ames Clifton, E. E. Nore, Oscar Dickson, Joe Tidwell, Lexie C. Esters, John W. Baines, James W. Mills, Henry L. Citus, Walter L. Newberry, Chas. O. Evans, Robert L. Johnson, Floyd Clay, and Gilbert Carter and Nuel Deboe, negro cooks.

June 25.—Lieut. Victor Maloure arrived this morning from home with 19 new recruits too late for breakfast. The new recruits ate a small lunch, but said nothing, evidently surprised at the tent city. They spent most of the time looking at the tents, which was quite a sight for them. It is estimated there are at least 5032 encamped here. There is but very little sickness in our company, and the boys are seeming to be in the best of spirits, that is, until the big papers came announcing orders soon to move. However, at present, we have received no orders to pack and go. The First Regiment has been mustered in, all men taking the vaccination. Our regiment, the Fourth, comes next, which will require some time to complete the examination; but in a few days the Missouri Guards will be ready for action if called out.

No one plays here. All are on the move from 5:40 till 7:00 with about eight hours' drill. In a few days the new recruits will be in very good condition for the border.

Every soldier will have pie today for the noon mess, as the good ladies of Nevada have baked 1200 pies.

The boys of Company B of the 4th Regiment often speak of how they were treated when leaving Caruthersville, and give much praise to Lauren Phleiger.

When Sunday came Capt. Reeves had forgotten the day of the week. Lieut. Edwin Huffman is not the same Ed. 1st Lieut. Hitchcock says he is ready to fight. Company "B" now totals 85 men. The camp is never without visitors, they coming from all parts of the state to view the tented city.

These three young men are graduates of Hayti High School.

Mrs. Mollie White and son, L. C., have moved to the property they recently purchased on the eastside,—two nice bungalows, one of them being for rent.—Piggott (Ark.) Critic.

The 4th Regiment was mustered into federal service at 6:00 p. m. tonight. Everyone are in the highest spirit. Our company had the honor of being the first company from the 4th Regiment to be mustered in, it being due to preparedness.

June 28.—Several have taken the vaccination, only one man being rejected out of six. Those passing are complaining of sore arms. Raymond Gill of Pemiscot county refused to take the vaccination and has deserted and may be found in Pemiscot county. His troop is aroused at his action and he is censured.

Company B is being equipped as fast as possible. Private Jack Hall arrived this morning with six new recruits, making the company's list climb to 92 men. The new recruits caused quite a little trouble to the quartermaster, owing to the fact that requisition for rations had been let; thus rations for our company is short, which necessitates a new order.

Had a heavy rain and wind Sunday night, which wrecked most of the big tents. The boys had to get out of bed and go half-dressed and give their service to the tents.

The 4th Regiment has four auto trucks, which arrived Sunday, presented by the citizens of St. Joseph.

All the soldiers are being uniformed in an olive drab.

It is rumored that the 4th Regiment will follow the 1st Regiment when orders come to move.

That Light Franchise.

Last week we had occasion to speak about the light service in this city, that is, the day service. Since, we understand, the county court has given the company a franchise over the county road and that everything is in readiness to give Hayti day service.

Mr. Cooley of Blytheville, one of the owners of the company, we understand is in Boston, Mass., this week, going for the purpose of obtaining permission of the head office for buying the necessary material for running the line from Caruthersville to this city.

It will be welcomed on the part of the light consumers of Hayti, and it is hoped that the time may be short until we have it.

In the near future an article will be prepared showing the many needs of this day and night service.

John Nunn, one of the progressive farmers of the Foust neighborhood, was in this city Monday and brought a cotton bloom that was out the 25th, Sunday. He is the first one to report cotton blooms to this office. Mr. Nunn tells us that his cotton is doing nicely, although the acreage will be cut down considerably.

The Missouri Democratic State administration has made good. Even the Globe-Democrat admits that our troops were the first to obey the President's call. Missouri's military preparedness is but a sample of the efficiency of the other departments of the State government.

It has no doubt been apparent to you for more than a year past that the price of all articles of merchandise through this country has had a rising tendency. It is unnecessary to search for the reason why this is true, or to attempt to speculate upon how long such a condition may last. The fact is that costs in the great basic industries of manufacture have had an almost startling rise. This has perhaps been more apparent in the leather and shoe trades than in any other line. More than a fourth of the leather used in the manufacture of medium price and cheap shoes has gone abroad and costs have advanced from 90 per cent to 100 per cent. Our Company are large purchasers of leather, large manufacturers, and can and will maintain our unheard of low prices. Come and investigate.

Look for more leather news next week.

Get in the Game

Let everybody get busy, and with everyone in the game, things will hum. With everybody doing his best, business will pick up, the town will boom, and everything will come out for the best.

We know that it has been raining, but the showers are about over. Let the farmers get in the game with their teams, plows and hoes, clean out their crops as well as they can and be ready to take advantage of the coming high prices.

Although prices are likely to go still higher, both in favor of the farmer and against him, still, as long as we remain in the game, those trading here will be protected against too high prices and inferior goods.
